Gov't Order Stops News

WASHINGTON, D.C. — The commissariat of information today ordered that no information may be published concerning any of the several levels of government without the prior approval of the commissioner.

The order affects information concerning federal, state, county and city government.

The commissioner said it also affected district government not already included within the various other stages of government.

The commissioner pointed out that even approval material could not be used unless the publication carried the commission's seal of approval.

He said that more than half of the nation's publications had lost their publishing seal due to "non-conformance."

This publication lost its seal for seven days due to an item critical of a school trustee. That explains the absence of other information on the front page of this issue.

FOOTNOTE

This is National Newspaper Week. Newspapers make a big difference in people's lives," is the theme this year.

We could think of no better way of dramatizing the effect of newspapers on your life than to show you how it is without news. Yes, newspaper voices have died in many countries since

and Russia are some areas where the absence of news is as commonplace as its absence here is shocking. Yes, newspaper voices have died in many countries since

WWII, and with their demise went the Spirit of Freedom. . . a Spirit which seemed safe until it was smothered in tyranny. Thinking people know that our Constitutional Freedoms

are only as strong as we demand them to be. Where the strength to resist tyranny flagged, tyranny thrived. Conversely, tyranny cannot exist in an atmosphere of criticism

that is analogous to a free press. That is why a free press is more important to you today than some of the other things you take for granted. We are aware that our great

ment of this page is shocking as we mark National Newspaper Week. It could be much worse. It would be if the only other story on this page were true.

Your "right to know" has been weakened during this generation and there appears to be no let-up by bureaucrats. Our regular first page is on page two of this issue.

Civic Picnic For Jansen To Attract Throng Sunday

All is in readiness for the First Annual Lemon Grove-Spring Valley Free Civic Barbecue honoring Sheriff Elmer Jansen.

Hundreds of guests who want to meet and greet their sheriff, and partake of the free barbecue sandwiches, free beer and free soft drinks, are expected to converge on the Spring Valley Chamber of Commerce grounds Sunday at 2 p.m. when festivities start. The affair will start promptly at 5. The Chamber is located on Bancroft street and Memory lane.

A Shrine clown and strolling troubadours will add to the festivities according to Jim Dorman and Ted Fellers, co-chairmen.

Lollipops and balloons will be given to the kids by the clown.

The barbecue is being sponsored by Businessmen-of-L.G. and S.V.-to-Retain-Jansen-for-Sheriff. In addition to Fellers and Dorman, other members of the executive committee include Howard Muhleman, Dion Rich, Carl Ollerman, Jim Spears, and Raoul Lowery.

Spears, who operates a Ford agency in L.G. said he would supply transportation to those who need it if they call his firm.

Sheriff Jansen, who has been ill with bronchitis, is to return to work this week according to Under-sheriff Lt. W. H. Woods. Jansen had been off about a week under doctor's orders, is well enough that there is no question about his being present at the barbecue, Lt. Woods said.

Browne Announces How Grovans Can Sign Lighting Petitions

Bob Browne, chairman of the Lemon Grove Chamber of Commerce's residential lighting district petitioning announced that people may sign petitions in favor of streetlights at the Chamber of Commerce office, 3448 Main st.

Or, if a person so wishes, Browne said, a Chamber of Commerce representative will bring a petition to the home to be signed and explain about the lighting district. Browne said the number to call is HO 9-9621.

LA PRESA WATER BOARD TO REQUEST FEDERAL FUNDS

The La Presa County Water District board of directors, in order to help cope with the unemployment situation in Southern California, Monday night voted to ask for approximately \$870,000 from the Federal Government's Federal Grants fund. The money, if acquired, will be earmarked for sewer and water improvements of districts 3 and 4 (East San Diego Villa Heights) of the Water District.

The Federal Grants Fund is set up to help ease the unemployment situation in various parts of the United States. The fund totals \$900 million.

Ambulance Would Add 20¢ To Fire Tax Says Dixon

The Lemon Grove Fire Department provided the program at the Men's Club Friday and the nation's Fire Prevention Week was duly marked.

Asst. Chief Dixon, together with Fireman First Class John Ott, demonstrated the use of firemen's fire masks and the department's resuscitators. The resuscitator he demonstrated had been used 295 times since it was given to the department by the L.G. Lions Club in 1951. Dixon said that a department ambulance, if the demand were great enough,

WILSON RAPS VAN DEERLIN

Dick Wilson, Republican candidate for U.S. Congress of this district, paid a surprise visit to the Men's Club Friday... and caused a stir by the ferocity of his attack on his opponent Lionel Van Deerlin.

"I belong to many clubs," Wilson said. "I believe in the theory of clubs. People who belong to clubs do so to serve their community."

"Never, so far as I know, has my opponent found it necessary to serve his community through clubs such as this."

"I believe that a man's past reflects what he will do in the future. I am dedicated to service... to serving people... regardless of faith, creed or color. I am in the service of all the people and I will represent them without allegiance to any group."

could be obtained but it would require five additional

men on the payroll. He explained that the ambulance would have to carry two men on each of two shifts and one swing man. Salaries would be about \$5,000 a man a year and the equipment would cost \$16-20,000. Chief H. Hensley said later that it would add 20¢ per \$100 on the tax bill.

The program this week will be an explanation of the 26 state ballot propositions by Dick Donovan, an assembly candidate. He will perform this feat in 26 minutes, he said. Men's Club President Jim Spears said there is probably no other way a run-down of the items voters must decide on could be obtained in such a short period of time. He urged all voters to attend the program. All men of the community are invited.

Spears said that for the first time, women would be permitted to hear the program but they could not be admitted into the meeting room at Michael's until 1 p.m. The club convenes at 12 noon each Friday. The "business" part of the meeting, which includes eating, will be completed before the ladies are permitted to enter, he said.

CDO Woman's Club Makes Float For October 28 S. V. Parade

BELL TO RING — Spring Valley Chamber of Commerce's float entry in the S. V. Parade set for Oct. 28 is the baby of the Casa De Oro Woman's Club this year. Using club colors of yellow, brown and gold, the women have been working on a creation called "Let Freedom Ring," which fits in with the parade theme, "American Heritage." An archway in the float supports a bell which will be rung as the 1776-motif float goes along in the procession. Bringing the float to near completion last Saturday morning were Mrs. Frances McClatchey (seated), Mrs. Lu Hines (left) and Mrs. Lucille Varley, Frank A. Davis Jr., is parade chairman. (See story on A-3 for more on float.)

Firemen's Open House Draws 500 People

Nearly 500 came to the Lemon Grove Fire Department's openhouse held last Saturday in connection with National Fire Prevention Week, according to Capt. Harry Alexander.

Visitors saw a continuously-run film on fire prevention, viewed fire equipment including the big new fire engine and asked questions of the firemen taking them through on tours. The most-often asked questions were: "How many men are on duty here?" and "What was the cost of the apparatus?"

Capt. Alexander said he believes the children had much to do with this year's big turnout. (Last year only 50 people came.)

Earlier in the week firemen had supervised fire drills at schools in the L.G. School District and had invited the kids to bring their parents to the station. Capt. Alexander said: "Fire evacuation drills at the schools were successful, Capt. Alexander said. "The Fire De-

L. G. Woman's Club To Supply Volunteer Staff For SOS Clinics

Clinics will be on Oct. 21 and 28 and Dec. 2 and 9. Mmes. Wayne Chubb and W. S. Sayward are co-chairmen of the volunteer staff. Scout Troop 333 will be in charge of parking and the Kiwanis will be the supply corps. Doctors and nurses are to be local people too.

YOUTH CRIME RATE GROWING CO-ORDINATING COUNCIL HEARS

La Mesa Police Sgt. Berlyn Cook told members of the L.G. Coordinating Council Monday night what they expected to hear... that there is "evidence of an increasing juvenile crime rate during the past year."

He reminded the group that there are many supervised activities for youngsters to age 15. After that there are none probably because they want none. These youngsters go into trouble largely because parental responsibility is lacking, Sgt. Cook said.

V. J. Dorman, legal counsel for the now dormant Swimming Pool Association, reported that past presidents of that group are attempting to hold a meeting to dispose of \$1,700 collected from local citizens for a swimming pool at the site of the green-spot park at Washington and Alton. He said it is probable that the money will be offered for equipment use at the park which is nearing completion.

Paul Reynolds urged the funds, if forthcoming, to be used for shuffleboards and other equipment for elderly people. It would help balance the youngsters-aged program, he said.

Meeting Fri. On St. Lights

An open meeting on residential lighting has been called for Friday at 1 p.m. by chamber of commerce president Bob Vaught.

The meeting will be held at the L.G. Firehouse, Central near Imperial.

A report on the petition signing will be made and all questions will be answered by the chamber's lighting district committee chairman, Robert Browne. The chamber is sponsoring the district.

The petitions are being circulated for property owners who request the county board of supervisors to call a public hearing for the purpose of lighting Lemon Grove streets.

Petitions are available for signing or circulating at the chamber office each day from 1 to 5 p.m.

Should the request be granted, property owners would pay for the electricity consumption. San Diego Gas and Electric would supply the lighting facilities. Estimate cost is \$10 added to tax a home a year.

Teachers' Groups Urge Legal Action

School To File Complaint In El Capitan 'Teacher Abuse' Case

Parent Talks Against Teacher Before Students

The Grossmont Union High School District board of trustees authorized the filing of a complaint Monday against a parent who entered an El Capitan High School classroom and criticized a teacher in the presence of students on Oct. 4. The action by the parent has been earned by District Superintendent Lewis F. Smith a violation of the California Education Code designed to prevent the abuse or ridicule of a teacher in the presence of students. The Board and the administration took the action somewhat reluctantly after the hope that retraction of the statements would resolve the problem.

Smith again emphasized that parents are encouraged to make inquiries and complaints but to do so by following the

proper procedure. The first contact by the parent should be with the teacher involved because of the possibility that the parent has received a distorted or incomplete version of what actually occurred in the classroom. A contact with the teacher is sufficient, in most cases, to place the facts in true perspective. Parents who feel the problem is one that cannot be discussed with the teacher, or who fail to obtain satisfaction in the conference with the teacher, should present the complaint to the principal of the school who will investigate and make a report to the parent. If the matter is not satisfactorily resolved by this procedure, the parent may then lodge a protest with the super-

San Marcos To Vote On Incorporation

SAN DIEGO (CNS) — An election to decide whether to form a new city out of a seven-square-mile area in San Marcos has been set for Jan. 15, the same day that voters in Vista are to cast their ballots on a similar incorporation.

The County Board of Supervisors Monday heard requests for exclusion from the proposed City of San Marcos. One 180-acre area close to Escondido was removed from the city-to-be and another 103-acre parcel, on the south, was also taken out. Another request for exclusion for land adjoining Escondido was denied, as was one more for an area on the northern boundary.

The county now has 11 cities. Which will be the 12th and which the 13th if both Vista and San Marcos voters approve incorporation on the same day, will probably be based on the fact that backers of Vista got their request in first. But San Marcos people say they are not worried about being the county's 13th city.

Lions Club To Give Equipment For Park

SAN DIEGO (CNS) — An offer by the L.G. Lion's club to put a senior citizen's recreation center in the new county park at Mt. Vernon and Washington sts. was accepted Tuesday by the County Board of Supervisors.

Cletus W. Gardner, director of the county parks and recreation department, asked for Board support for the Lions club project. Plans and specifications for the work are to be approved by Gardner's department, and the construction is to be supervised by the county public works department.

What is to be installed, according to Robert York, president of the Lions club, will be four shuffleboard courts, four horseshoe courts, two croquet courts, an equipment storage building and a covered table

Our Favorite Week Is National Newspaper Week

This newspaper, like practically every other one in the country, daily or weekly, gets called upon to publicize a great number of special "weeks" during the year. Many of these have an important significance, and we're glad to call public attention to such events.

Now it's our turn. From October 14 through October 20 is National Newspaper Week, and we'd like to tell our story.

Actually, every week is newspaper week, for we serve the community the year round. Through us, you get as complete a picture as we can provide of what has occurred here in the past seven days. Our back files are the history of the area and its people.

Through us you learn what has been done in civic and business circles, along with religious, educational and social happenings as well. And, in addition, what was being offered for sale by your local merchants.

Some of these things are important to you and your friends. Some are meaningless to you but of importance to others and necessary to a well-rounded community coverage.

Yes, we try to live up to the slogan of National Newspaper Week—"Newspapers Make a Big Difference in People's Lives"—and we try to live up to it every week, not just this one.

A Plea To Help Kill Polio

Dear Editor:

"Urging your readers to help wipe out polio from San Diego County by taking Type 1 Sabin oral vaccine Oct. 21 and 28 would greatly assist us in motivating nearly 1,000,000 adults and children to visit SOS (Sabin On Sunday) clinics.

Your cooperation during the past few weeks has helped in many ways to generate interest in this very important program, the largest ever conducted in our county. About 25,000 volunteers will be operating the clinics from 11 a.m. to 6 p.m.

With your help we have tried to convince the public that Salk vaccine injections are not completely adequate to control the polio problem. Only oral vaccine can do the job by eradicating polio virus and by making it impossible for immunized persons to be carriers. As you know, many adults and children are polio carriers without realizing it.

Amn. Legion Says 'Yes' On 24

The American Legion has endorsed Proposition 24 as a giant step in California's battle for the preservation of Americanism against the attacks of its enemies, both external and internal, it reported this week.

"At a meeting of the Department Executive Committee, in Ventura last March, Proposition 24 was endorsed, and all Legionnaires were asked, as individuals, to assist in circulating petitions to place the measure (Francis Amendment) on the ballot," a spokesman for the Legion said.

"At the Department Convention in Fresno last June the measure again was approved in a resolution adopted by the Delegates and the Department Executive Committee was urged to make the support of this amendment one of the Legion's principal objectives.

"Support of Proposition 24 is therefore a mandated program of the American Legion and all Legionnaires are urged to give their support to passage of the measure."

intendant of the Board. In this case an investigation and report is made to the parent. If parents will follow this procedure, regrettable incidents of this kind will not occur, Smith said.

Smith also reported to the Board that a lesson on propaganda analysis was being taught at the time of the incident. The teaching conformed to district policy and procedures set up to prevent a one-sided presentation of controversial matters or the insertion of partisan politics into the classroom. The District solely supports this policy as well as the principle that parental criticism should be expressed in a constructive manner.

Reluctance of the Board to take action a week ago, pending further investigation and developments in the case, resulted in resolutions by the Grossmont District Teachers Association executive council, the El Capitan Teachers Association, and the Grossmont Teachers Association requesting legal action against the parent. The Board and administration termed the action of the teachers associations premature, indicating a lack of confidence in the handling of the case. Teacher concern had developed because of the dramatic manner in which the parent had voiced her criticism. It was apparent that the Board regretted the necessity to institute legal action against the parent because the parent may have felt justified because of the reports brought home by the student.

The Board also directed the administration to insure that the daughter of the parent involved return to school as early as possible. The student has been out of school since October 5, part of the time because of illness. The Board approved administrative transfer of the girl to another school in her interest if transfer is desired by the parent.

Letters To The Editor

READER LAUDS EDITORIALS FOR BEING CONSERVATIVE AND PRO-AMERICAN

Dear Editor:

I want to commend you on your conservative, pro-American views and your usually fair editorials as exemplified in your column "The Dimmer View." I would also like to thank you, regardless of its vitriolic encantations, for your "expose" of the efforts on the part of so-called super patriots, to awaken the general public to the recent flooding of the markets with Communist slave-labor products.

Regarding your assertion that the American way is to go to the manager and complain, I would like to relate to you a conversation I had with an owner of a popular produce store in San Diego. I told him that I liked to trade with him because of the beautifully fresh produce he carried but that it was too bad he was handling those wicker products. Rather startled, he asked "Why?" When I explained to him that they were made in Yugoslavia he exclaimed, "What's wrong with that?" I reminded him that this not only aided the Communists and abetted slave-labor, but might also contribute to America's unemployment problem. He indignantly replied "I buy where I can get the cheapest price." This conversation occurred over two weeks ago. The wicker products are still on display.

In your column you did not say what the American should do if his complaint was ignored. I can refuse to patronize this store but doubt that this would be a deterrent to management to cease and desist. I am certain that this store can easily get along without my individual business.

I, and perhaps others who are aware of this problem of slave-labor products, would welcome any suggestions you may have as to how we can make the potential buyer aware of the harm he is doing his fellow-American, and the aid he is giving our undeclared enemy - the Communists - by buying slave-labor products. How can we make them aware of the inadequate labeling in that the statement "Made in" required by law is so small and sometimes so well hidden it is almost invisible to the naked eye? This in itself is an indication of the desire to keep from the buyer the knowledge of source of the product.

If public awareness is not the answer, then how else can we persuade the merchant that it is in his own best interest to refuse to always "buy where he can get the cheapest price?"

Yours for America

ALTERATIONS TO PARADE ARTICLE ON KENNEDY SUGGESTED BY READER

Dear Editor:

PARADE, the Sunday newspaper supplement magazine, recently carried an interview with President Kennedy by Fred Blumenthal on how an unknown youth, aspiring to be

come President ought to prepare himself for that office.

In the interview Kennedy pointed out the moral and other standards such a youth must acquire. Based on his own gaining of the presidency, Kennedy's honest advice should have been:

1. Become the beneficiary of several million dollars from a wealthy father.

2. Use such unearned moneys indiscriminately to insure endorsement for the nomination as presidential candidate. In states necessary to defeat leading candidate for that post of the same political party.

3. Employ every devious device to win nomination by his party at its National Nominating Convention.

4. Make promises to public of planned administrative policies to defeat presidential candidate of opposing political party regardless of actual intent to fulfill them if elected.

5. On becoming President ignore provisions of our national Constitution when conflicting with personal theories of government, spend public moneys as recklessly as a squandering young man of inherited wealth, and appease our country's enemies regardless of dangers to its security, in order to avoid difficult or annoying situations.

GROVAN THINKS NEW PLAZA FLAG NEEDED

Dear Editor:

HOMEOWNERS GROUP URGES LEGISLATION

Dear Editor:

El Cajon Valley Home Owners and Taxpayers Association, Inc. urges initiation and adoption of appropriate legislation by the California Legislature and other appropriate legislative action necessary to accomplish the purposes of the following recommendations:

1. Passage of any proposed bond issues should be voted upon only by the owners of real property upon which taxes would be levied for repayment of the bonds. Should the proposed bonds pass. Non-property owners should not be eligible to vote upon bond issues. (They have no responsibility nor obligation to pay for bonds, should they pass.)

2. School children and students should not be used as a tool in promoting passage of bond issues. (They should not call on voters, pass out nor help mail political propaganda, etc.)

3. Land for a Grossmont Junior College site should be purchased by condemnation procedure at a price set by the Courts, rather than at a price negotiated by the Administrators, or Trustees of the college district or set by appraisal. (A major consideration in this matter is the cost of site preparation, earth work, grading, etc., in the reported estimated amount of \$325,000.00 or about \$2,709.33 per useable acre, in addition to site cost of about \$561,000.00 for the 120 useable acres of about 132 acres total of the site.)

Yours respectfully

Calls For Treasurer Bett's Resignation or Explanation

The first indorsement by this newspaper of a candidate for the Nov. 6 elections was John A. Buserud, a Republican seeking the state treasurer's post.

He is attempting to unseat Bert Betts, a former Lemon Grove resident who must now stand up to charges of cronyism voiced by this column and many other people in the state.

We were not willing to betray the confidence of our news source to spell out the reasons for our decision at the time we rejected Betts, but now the cat is out of the bag. John Buserud, the candidate himself uncorked on Betts and smacked him with some of the most incriminating charges made against any candidate this year.

Buserud's own words shows why cronyism is not in the best interest of the people; Said he:

"I charge the Incumbent State Treasurer - Bert A. Betts, - with condoning within his office the most shocking conflict of interest seen in this State's government in recent years.

"According to the official records of the California Corporation Commissioner, he allowed his Assistant Treasurer Lee Friedrich, supposedly a full-time State employee, to promote a corporation known as "Growth, Inc.," and to receive free promotional stock in this company for selling its shares. The only investments held by this Growth, Inc. were bank stocks - mostly those formed under the Brown Administration. Obviously, these banks hoped to use the influence of their highly placed investor - Mr. Friedrich - to obtain State bank deposits, either before or after the election.

"When Friedrich resigned last May to give further time to his private interests which had done so well during his stay in office, the State Treasurer did a very curious thing: He appointed in his place Santino Meo, who was none other than the vice president and another promoter of this same Growth, Inc. Now either my opponent knew and approved of this strange relationship, or he was abysmally ignorant of the goings on in his own office.

"I have written him today challenging him to explain his part in this sordid affair. If he cannot do so, Governor Brown should seek his resignation."

Anti-Business Is Anti-Jobs

Many business leaders are opposing the President because he and his advisors have created a "hate profits" atmosphere in this country.

Anyone, other than a shallow thinker, should react quickly to such philosophy. No profits means no business and no business means no jobs.

In Lemon Grove, as a case in point, there have been at least 10 firms that closed their doors so far this year. With the closings went at least 50 jobs here.

In every instance, the cause was the same... no profits. If hostility against our nation's business firms is continued by the present administration there will be more bankruptcies which are now increasing across the nation at an alarming rate.

Every failure throws more persons out of work and contributes losses to the firm's creditors.

Equally serious, the anti-business climate which is developing suggests that businesses conducted via the free enterprise system, may be on the way out.

With it will go job freedom, too, a matter that should concern every person who works for a living.

GOD'S MINUTE

REV. H. C. BAKKEN

"SALVATION"
God had foreknowledge of man's fall into sin. Therefore, we discover as we read the Bible that God planned man's redemption in the ages of eternity prior to man's creation. Salvation was not an afterthought when God saw man had fallen. God knew that a man with free will would fall when tempted by Satan, so God planned the way of redeeming man before he created him.

Power Of Relationship Between Man, God C. S. Text Sunday

What the relationship of God and man can mean in the solution of everyday problems will be brought out at Christian Science church services Sunday.

Scriptural selections in the Lesson-Sermon entitled "Doctrine of Atonement" include these words of the Master, Christ Jesus: "I and my Father are one" (John 10).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read this citation (p. 18):

"Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life, and Love. Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work right not only in justice to himself, but in mercy to mortals, — to show them how to do theirs, but not to do it for them nor to relieve them of a single responsibility."

"Christian Science: Its Message to the Twentieth Century" will be the subject of the lecture to be radiocast over Stations KIEV (870 kc) and KRHM-FM (94.7 mc), Saturday afternoon, Oct. 20, at 3.

United Fund Drive Passes Quarter Mark

The second report meeting of the 1962 United Community Services campaign held Tuesday revealed a total of \$1,054,672 had been contributed or pledged to the countywide drive.

INFRINGED UPON, CHARGE**
Publishers of Dr. Max Rafferty's book, "Suffer, Little Children," have charged the author's opponent with "infringement of good copyright practice."
Referring to one of the pamphlets circulated in the campaign for State Superintendent of Public Instruction in a letter dated October 5th, Devin A. Garrity, president of the Devin-Adair Company stated, "These quotations have been taken out of context and they give a completely misleading impression of Dr. Rafferty's thought as expressed in the book as a whole."

POISONER SUSPECTED IN LOSS OF \$500 GERMAN SHEPHERD DOG

Mrs. Theodora V. Krauth, 49, 8629 Idica st., S.V. reported to the sheriff's dept. the poisoning of her dog, an AKC thoroughbred German Shepherd, valued at \$500, in his home yard.

Mrs. Krauth told the sheriff's investigators that on Monday she fed the dog and several others, at which time the Shepherd dog and one other became sick after having eaten. The other dogs getting the same food did not get sick, and she felt then that the two dogs had been fed poisoned meat. Tuesday, the Shepherd became worse and was taken to the L.G. Veterinary Hospital where it died three hours later.

She quoted Dr. Robert F. Burns, the veterinarian, as saying the symptoms indicated poisoning.

ANT POISON HOSPITALIZES WOMAN

Following an argument with her husband, Frank Edward Bauer, the evening of Oct. 11, Mrs. Jeannette Madge Bauer, 9072 Harriess Dr., S.V., poured herself a glass of beer, put in a couple of spoonfuls of ant poison and took a swallow. Realizing her danger Bauer knocked the glass out of her hand and threw the beer away, according to statements by her daughter, Mary Sarah Bauer, 13, to the deputy sheriff responding to the call. She said her mother had only taken one swallow. Mrs. Bauer was taken to Grossmont Emergency and then to County Psychopathic Ward, on recommendation of the attending physician.

NEWSPAPER RACKS TAKEN

A loss of \$75 was sustained Saturday by Walter W. Weekley, 30, 4021 8th ave., S.D. when two coin operated newspaper racks in his change were carried away from the Bradshaw

Market, Massachusetts and Imperial, L.G.

Weekley is a distributor for the San Diego Union and Evening Tribune.

THE MENACE

An incorrigible juvenile that has the whole neighborhood around Primera st. in Lemon Grove up in arms, was reported to the sheriff's dept. by Mrs. Florence E. Weller, 1520 Primera. Her grounds for complaint were that the 10-year-old boy who resided on the street had committed the following acts in the past few weeks: constantly tearing the shrubbery from hers and other yards; attempted to start heavy equipment at nearby construction sites; rolled tires from the hill onto the street in front of oncoming cars; attempted to start several fires in the area, and stabbed at least one child in the back with a pencil.

He had also been observed dragging his younger sister by the feet towards a heavily traveled street where he is alleged to have told her he was "going to throw her onto the street and kill her." That he has also been seen lying in the street and blocking traffic. Mrs. Weller alleges that the child cursed her with obscene language, and that the neighbors she has contacted admit to fear and their young daughters are warned to stay off the street.

Mrs. Weller stated that his mother has been gone from home for some time. The father who works all day doesn't get home sometimes until two or three a.m. and there is no supervision of the children. She also claims the Juvenile Probation Dept. has not been cooperative when she alerted them to the situation.

BIKE FOUND

Mrs. Jean Woody, owner of Leewood Trailer Park, 7150 Broadway, L.G. reported to the sheriff's office the finding of a boy's bicycle Thursday in front of the Trailer Court. It was taken to the Lemon Grove sheriff's substation.

WELL COVERED

The Spring Valley Fire Department Oct. 12 put a temporary cover on an open well at the rear of 3438 So. Cordoba st., S.V., which had been reported as a hazard by Mrs. Ralph Link, a tenant. The well, 30 ft. deep, is located in the brush behind the house about 70 ft. from the corner, and, according to Mrs. Link, the area is a hideout for juveniles. The boards on previous cover had rotted out.

BIKE LOST

Patrick C. Halder, 12, a newsboy, 7216 Pearson, L.G., had

his bicycle stolen from its parking place behind a sign at the Mobil Station at Massachusetts and Broadway, L.G., Thursday. The bicycle is a 20" boys, red and white seat, valued at \$25.

TRANSMISSION TAKEN FROM AUTO

A complete transmission was removed from a '54 Ford car while it was parked in the yard of the residence of Duane Aron Edwards, 16, 2601 Sweetwater rd., S.V., recently. Value \$30.

TACHOMETER TAKEN

A Sun tachometer valued at \$50 was taken from the steering post of a car belonging to Mrs. Violet Barry, housewife, 1770 Skyline dr., L.G. The theft occurred Thursday at the student parking lot of Mt. Miguel High school, where the car had been placed by Randy, her son, while he attended classes.

CAR WINDOWS PEPPERED

Theodore Emmer of San Diego and Oliver Sommers, of El Cajon, were victims of BB and air rifle enthusiasts one night last week.

While the two men were shopping shots had been fired into the windows of their respective automobiles, parked within one lane of each other, in a S. V. shopping center, racking up a cost to the two drivers of \$75.

PROMINENT RESIDENTS BACKING PROP. 1-A

Fourteen prominent East County area residents today endorsed Proposition 1-A as "vital to the future education of thousands of young persons in the East County region."

Veterans Day To Be Done Up Big Here

Veterans Day, Nov. 11 will not be ignored in the Spring Valley-Lemon Grove area this year. MSgt. Edward R. Edwards, a L.G. resident and commander of the Army's La Mesa recruiting station, is chairman of the First Annual Veterans Day Observance here which, he said will include quite a few events.

A three-day show will be held at Spring Valley Center in connection with this first annual observance. It will feature, among other things the appearance on Nov. 8, the first day of the show of the 37-piece 72nd U.S. Army Band from Ft. MacArthur.

John Blackford, public relations manager for West Coast Properties, who is working with Sgt. Edwards on the Veterans Day events said that an autograph will be held at the center as part of the show.

SUPPORT GIVEN

Already veterans groups in the two communities have thrown their support behind the First Annual Veterans Day Observance. VFW Post 6474 of S.V., VFW Post 2082 of L.G. and World War I Barracks 1774 of both communities—plus the auxiliaries of these groups—all voted for taking part.

At a meeting held in the VFW hall in Spring Valley on Monday night of this week, it was announced that a Nov. 11 banquet at S.V. Chamber of Commerce hall will top off the occasion. Lt. Gen. J. W. O'Daniel, USA-ret., will be speaker at the banquet for which tickets soon will go on sale.

CONTEST SLATED

In connection with the observance and to promote it, a veterans contest is being held. All LG-SV veterans are invited to enter the contest, MSgt. Edwards said. Special prizes will be given for the tallest, the shortest and the oldest veterans and also the one with the biggest family. Ten other veterans will get prizes by way of a drawing to be held at the banquet, where veterans getting the special prizes will be guests of honor.

Veterans may enter the contest during the three-day show at S.V. Center.

MSgt. Edwards said that organizations or individuals wanting to take part in the event, or who want further information on it may call him at HO 3-3114 or HO 3-1875.

170 Fallout Shelters Found In County

An estimated 170 buildings and tunnels currently existing in the County of San Diego can provide sufficient shelter spaces to protect at least 126,057 people, according to reports of the architects and engineers, after a complete study of the buildings of this area, William B. Marty, administrator of the Unified Civil Defense Center, said.

Marty's office is currently making a detailed study of the report, which completed the second phase of the National Fallout Shelter Survey, supervised by the Southwest Division of the Bureau of Yards and Docks, U.S. Navy.

"A building is not approved under the program unless it has a protection factor of 100 to 1 in radiation shielding," Marty said. "That means that a person housed within the shelter area would be exposed to only one one-hundredth of the radiation intensity that he would receive if he were outside."

The NFSS report shows that there are approximately 105 buildings in the City of San Diego with about 85 different ownerships, having a shelter capacity of 96,820.

Approximately 15 buildings or tunnels in the unincorporated area of the county, representing nine ownerships, can protect 22,464 people.

Griffin Gridders Going Against Tigers Saturday

by BILL OTT

Coach Jim Erkenbeck's Grossmont College charges hope to make a better showing Saturday night against the Riverside Tigers in Helix Stadium after being smashed by a powerful Santa Ana Don team 48-0 last Saturday night on the Don turf.

The Dons have not had any trouble thus far in defense of their Eastern Conference championship, winning four

games with an offense that has scored 169 points while a strong defense has held the opponents to a scant 12 points all of which were scored by San Bernardino.

GRIFFIN PUNCHLESS

On the Grossmont side of the ledger, the Griffin offense has scored only two of the 14 points scored this season, and that was a PAT run by half-back Pete Ostrom. The defense scored the remaining 12 points in the 14-6 victory against San Bernardino. Griffin opponents have rolled up 104 points in four contests. The Grossmonters have fine talent in backs George Ene, George Sherrod, Pete Ostrom, Keith Mortensen, Mike Shaw, Rick Eckert, and Bill Ernest, but so far have failed in finding the right combination. Ernest has been hampered by a knee injury, but is expected to see limited action Saturday night.

DONS ROLL

Santa Ana went wild in the first quarter and tallied 29 points, with a 7 point second quarter the Dons held a 36-0 margin at the half. Tallying 6 points in each of the final two chapters accounted for the Dons 48-0 finish.

Sports Gear To Be Given For Best Kickers, Passers

Young football enthusiasts in Lemon Grove, between the ages of 7 and 11, will have an opportunity to win warm-up jackets, footballs, and helmets when Ford Motors Punt, Pass and Kick contest is held Nov. 3 at the Palm junior high school playground. Competition will be from 12:30 to 4:30 p.m.

Youngsters will be separated into three age groups and there'll be 15 winners in all. Three winners in each age group. Competition is on ability and accuracy. A 50-foot wide gridiron with a longitudinal center stripe will be used. Punters, passers and kickers will be scored by distance in feet. Subtracted from this score will be the number of feet the ball misses the centerline.

Local winners will compete later with 24 state winners. Winners at this level will compete with 70 area champs, culminating in competition among the best 10 for the national championship.

The 10 competing for the national championship will go on a "tour of champions" which includes a trip for the winners and their parents to the White House and to the National Football League championship game. Five national champions will be named, one for each age group. The other five will win national runners-up trophies.

Locally, the contest is being programmed through Spears Ford, Lloyd Fish, Spears representative, is in charge of the contest.

Registration deadline is Oct. 31 and application blanks must be obtained at Spears Ford, 7220 Broadway. A parent must accompany each boy when he registers.

Matador Band 'Brass' Make Plans For Saturday Night Jamboree

GROSSMONT SCHOOLS TO VIE — The brass of the Mt. Miguel High school marching band met last week to make almost final preparations for this Saturday's Grossmont High School District "Autumn Band Jamboree" at Aztec stadium. Band director Larry Christianson is at center front; beside him are Joyce Lusk, left, secretary of the band and first clarinetist and Tam Mansfield, band inter-club council representative and clarinetist. In back row are (l to r) Charles Edens, band president and also leader of the Matador Pep Band, who is first trombonist; Karen Dahl, uniform chairman and first flutist; Jim Jensen, head of quartermaster corps and drummer, and Carol Hensley, social chairman and drum major. Students wear new Matador Band shirts.

Band march-in time this Saturday night at Aztec stadium at San Diego State College is at 7 p.m., and the brass shown above has

been mapping strategy for making the Matador Band and marching units as smart as usual. The exclusively Grossmont District event they're entering involves 1,200 high school youngsters in a competition of playing and marching that should prove a spectacle to fans. One of Mt. Miguel's formations is the "double M."

Tickets are still available for the event. Adult donation is \$1 and student donation is 50 cents. Pre-schoolers are to be admitted free. Reservations can be made ahead of time by calling Mr. H. S. Lane at HO 6-8413 or the music departments of any of the seven high schools, including Mt. Miguel, Monte Vista and Helix. Tickets may also be purchased at Aztec stadium on the night of the performance. Proceeds are going to the high school music departments for band uniforms, music scholarships, instruments and financing out-of-town trips for the groups.

STOCK CAR GRAND PRIX TO BE HELD SATURDAY NIGHT

UPSIDE DOWN DRIVER — Bob Martin of El Cajon still was in his car when this picture was taken during a recent Claiming Stock Cars race at Cajon Speedway at Gillespie Field in El Cajon. Usually he drives right side up and has wheels touching, but, like other drivers at the local track does not give up the ship merely because his car is upside down. He doesn't, that is, until his somewhat thoughtless fellow drivers who helped get his car in this position are not driving in the

immediate vicinity. Stock car drivers will have their biggest night of the year this Saturday night, Oct. 20 when a 50-lap semi-main event will be part of the evening's racing program and a lucky fan will win a stock car which will be given away that evening at a drawing.

Bob Martin, the driver in the photo above will be back again for this Saturday's devilish fun during which spectators very likely will see several upside down drivers.

S. V. Little League Names Officers; Field Damaged

LITRELL PRESIDENT — These new officers of Spring Valley Little League met recently to name people to other positions in the league and also to make plans for next season. They are (l to r) Orville Schuff, players' agent; Mrs. Carol Lewis, secretary; Bob Littrell, president, and Doug Ferguson, treasurer. An officer not in the picture is John Monahan, vice president. Persons whom they appointed at their meeting are: Mrs. Shirley Littrell, president of the ladies auxiliary; Maurice Stewart, managers' representative; Ed Steiner, umpire and chief; Bud Payne, field chairman; Mrs. Barbara Jordan, publicity chairman; Art Matthews, equipment chairman and Mrs. Glenna Sarot, concession chairman.

After these new little league officials went into office, \$800 damage was done last week to their field on Sweetwater lane a block north of Jamacha rd., they reported. The fence and electrical equipment were damaged and the concession stand and announcer's booth were all but destroyed, according to the league. Ten boys who did the vandalism were apprehended by the sheriff's office but the league is not pressing charges. The league asked parents of the boys to make restitution.

Mrs. Harry Seal of the league said about 260 boys are in S. V. Little League. The field which was vandalized was built mostly with the money and effort of the parents of the players, she said, adding that right now new sponsors are needed and that the league invites all parents in the area to take part in league activities because their help is needed.

N.Y.-L.A. Are Red Targets After Berlin Says Kuchel

We must assume the risks in Cuba and not yield to pressures in Berlin, U.S. Senator Tom Kuchel told more than 300 persons who came to honor him at a luncheon last week on Wednesday at the U.S. Grant Hotel.

"If we yield in Berlin, the next Soviet targets would be Paris, Chicago, New York and Los Angeles," he said as he advocated a strong policy to root out communist imperialism in this country.

"We must assume the risks in Cuba to make good that policy," he said.

He said the Congressional Bill prohibiting foreign aid to shippers supplying Cuba "vindicates the vote some of us laid down a year ago."

"Cuba," he added, "must not become a launching pad for communism."
